POOL PAVING SPECIALISTS

PORCELAIN PAVERS

NATURAL STONE PAVERS

Natural stone pavers are used extensively for pool surrounds and landscaping projects. Natural stone exudes style and is chosen for its beauty and durability.

Lifestyle Pavers has a wide range of natural stone pavers from across the globe. Our entire range is suitable for pool surrounds.

We stock the largest range of natural stone pavers in the Illawarra including marble, granite, sandstone, limestone and travertine. These products are available in various sizes, finishes and formats.

POOL TILES

Lifestyle Pavers has over 100 pool tiles on display in our showroom. We have an extensive range of glass, ceramic and stone tiles suitable for fully tiled pools, waterlines and sun pods.

We are distributors of Ezzari and Bisazza glass pool mosaics. Lifestyle Pavers can help you select the appropriate pool safe tile in the colour and size to meet your needs.

SKIMMER LIDS

Skimmer Lids are custom made to match your paving and create a seamless and flush pool surround.

They are made from marine grade stainless steel and meet Australian pool safety standards.

They are durable and protect the skimmer lid from chipping and cracking. Most importantly, the surrounding pavers are protected.

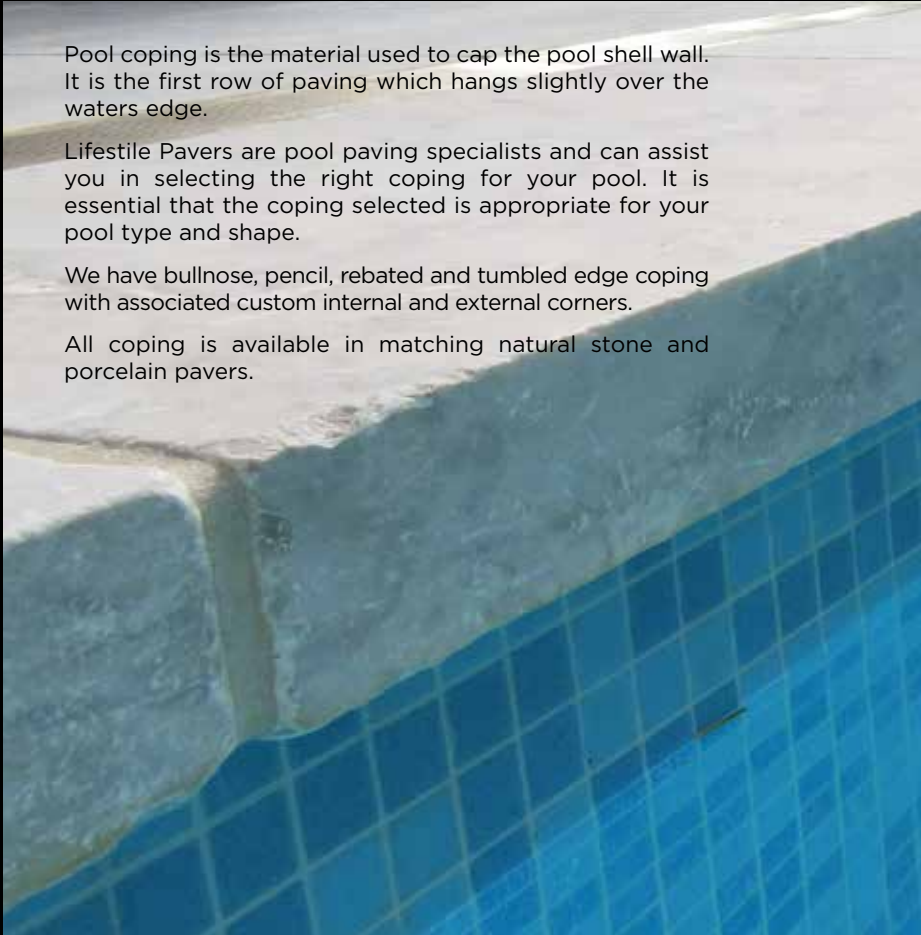

POOL COPING

Pool coping is the material used to cap the pool shell wall. It is the first row of paving which hangs slightly over the waters edge.

Lifestyle Pavers are pool paving specialists and can assist you in selecting the right coping for your pool. It is essential that the coping selected is appropriate for your pool type and shape.

We have bullnose, pencil, rebated and tumbled edge coping with associated custom internal and external corners.

All coping is available in matching natural stone and porcelain pavers.

ULTRA DRAIN

Ultra Drain is a modern looking linear drainage system at a fraction of the price of stainless. It comes with a marine grade aluminium top. It is easy to install and has all the required accessories to complete the job. Ultra Drain is available in three different sizes - UD100 provides great waterflow, UD60 is a slim line alternative and UD40 can be fitted directly to an existing concrete slab.

RETAINING WALLS

Lifestyle Pavers is a distributor of the Baines Masonry retaining wall range. The range includes DIY dry stack blocks that do not require concrete footings (Tasman, Norfolk and Garden Stone) and Besser blocks in plain, coloured, split face or honed finishes. There's also matching capping and corner units to complete the look. With up to 9 colours to choose from, we have the solution to your retaining wall project.

ADHESIVES & SEALERS

We are stockists of Aqua Mix sealers and cleaners and Laticrete adhesives and grouts.

WALL CLADDING

Wall Claddings can add a touch of urban sophistication or capture the appeal of old world charm in both internal and external applications.

These claddings are perfect for accenting retaining walls, pillars, water features and facades.

SYNTHETIC TURF

SYNLawn synthetic turf is made from Australian yarns with exclusive HeatBlock Technology, which makes it 20% cooler than similar artificial grass products.

SYNLawn synthetic turf is maintenance free, pet friendly and requires no mowing or watering.

SYNLawn synthetic turf is available in a variety of types to suit your needs and is displayed in our showroom.

OUR SHOWROOM

Our modern, air conditioned showroom has over 50 impressive displays which are completely indoors. Whether you are from the Illawarra or not, it's well worth the drive.

SELECTIONS MADE EASY

Our staff have over 50 years of combined experience, specialising in pool surrounds.

We have fibreglass and concrete pool interior colours which we combine with your choice of paving to build your concept in our showroom. We offer free samples to take home to view in your own environment prior to making your decision.
